

VIVID PANEL'S

PUBLISHER PORTAL

THE VISION

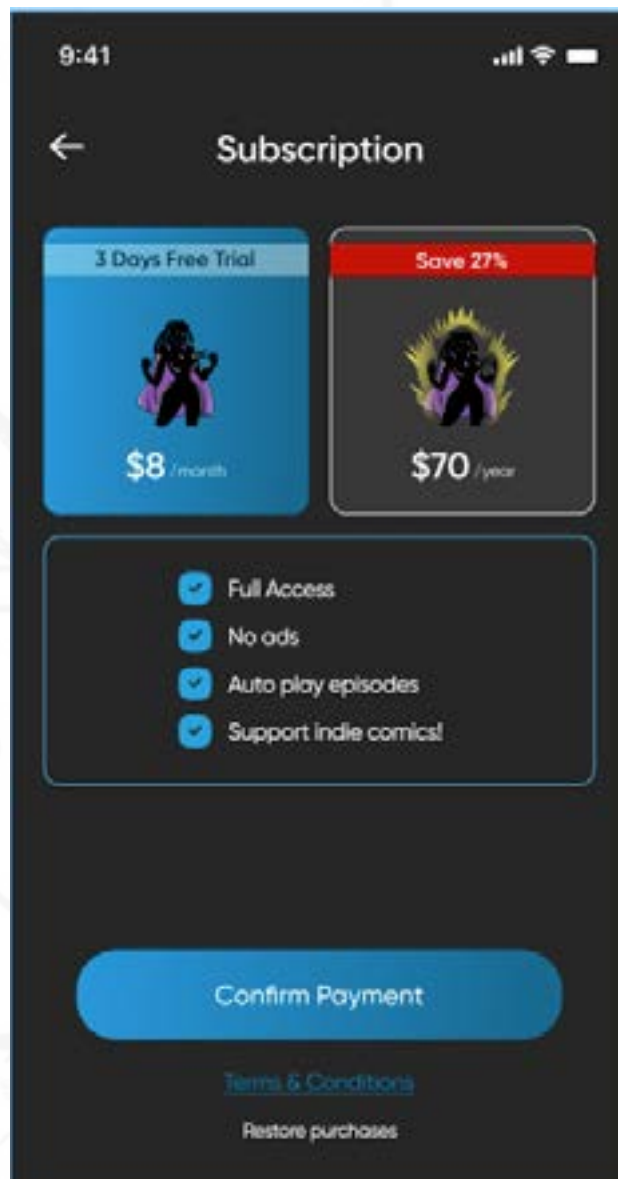

Vivid Panel is a indie comic book publishing platform designed solely for indie creators. We exist to provide creators with the tools to launch projects, build an audience and **EARN A LIVING** at the same time

A COMIC PLATFORM
FOR INDIE
CREATORS
BY INDIE
CREATORS

THE MODEL

The Publisher Portal is where creators can upload their comic content for a paid subscription at either **\$7.99** a month or **\$69.99** per year. Creators will be given a unique link that keeps track of all subscriptions generated by them and will receive **70%** of all subscriptions either monthly or yearly.

THE DEAL

We ask that you cover the platform fees that come from Apple and Google. At the time of writing, Apple and Google's fee is **15%** per transaction. Our platform fee is an additional **15%**

THE REMAINING **70%**
GOES STRAIGHT
TO YOUR WALLET

You've made the COMIC now make a LIVING

Of all the places that creators can choose to upload their work, none of them offer a **SIGNIFICANT** opportunity to earn without a high barrier of followers, subscribers or readers. We plan to fill that gap by providing indie creators with a platform to monetize their audience
